## Retention and Graduation Rates

Retention and graduation rates are calculated annually in fall using the following IPEDS definitions:

*Retention Rate - A measure of the rate at which students persist in their educational program at an institution, expressed as a percentage. For four-year institutions, this is the percentage of first-time bachelors (or equivalent) degree-seeking undergraduates from the previous fall who are again enrolled in the current fall.*

*Graduation Rate - The rate required for disclosure and/or reporting purposes under Student Right-to-Know Act. This rate is calculated as the total number of completers within 150% of normal time divided by the revised adjusted cohort.*

### Retention Rates of Degree-seeking Undergraduates

	Fall 2018	Fall 2019	Fall 2020	Fall 2021	Fall 2022 <sup>1</sup>
First-time College Full-time	76%	75%	72%	77%	77%
	(1175)	(1173)	(1027)	(1115)	(1138)
Transfer Full-time	72%	75%	75%	78%	77%
	(936)	(830)	(777)	(793)	(691)

% refers to percentage returned in second fall term. Cohort numbers included in parentheses.

<sup>1</sup>Beginning with the Fall 2022 cohort, pre-Pharmacy and Architectural Studies students are excluded from the retention cohort.

### Six Year Graduation Rates of Degree-seeking Undergraduates

IPEDS graduation rate data are collected for full-time, first-time degree and certificate seeking undergraduate students.

**6-year Graduation Rate for students pursuing Bachelor's Degrees** This rate is calculated as the total number of students awarded a bachelor's degree within 6 years out of all students in the cohort pursuing a bachelor's (or equivalent) degree in their initial term.

*Note: Beginning with the Fall 2016 cohort, students pursuing the pre-Pharmacy undergraduate preparatory program with intent to enter the professional program as well as students in the Architectural Studies program are allowable exclusions to the cohort and are not included in this rate.*

**Overall Graduation Rate:** This rate is calculated as the total number of students completing an allowable program of study (awarded a bachelor's degree or matriculating to the professional Pharmacy program) within 6 years out of all degree/certificate-seeking undergraduate students in the initial cohort.

*Note: For all years presented, students pursuing the pre-Pharmacy undergraduate preparatory program with intent to enter the professional program are included in the cohort for this rate.*

### First-time Full-time Degree-seeking Cohorts

	Fall 2013 Cohort	Fall 2014 Cohort	Fall 2015 Cohort	Fall 2016 Cohort	Fall 2017 Cohort
6-year Graduation Rate for Students Pursuing Bachelor's Degree	1,060	1,053	1,020	1,091	1,116
	47%	51%	55%	55.0%	55.0%
Overall Graduation Rate	*	*	*	1,190	1,213
	50%	54%	57%	55%	55%

[Six-year graduation rates for first-time full-time students by gender, race/ethnicity, and Title IV status can be found here as reported to IPEDS.](#)

[UMKC is a member of Student Achievement Measure \(SAM\)](#)

a national project to expand the standard metrics of retention and graduation rates to include a retained-anywhere and graduated-anywhere metric.

SAM publishes retention and graduation rates for first-time and transfer students, including breakouts for key student demographics; e.g., full-time/part-time, students of color, veteran status, and Pell Grant recipients.

Six-year graduation rates for first-time, full-time and transfer, full-time cohorts are provided in the tables below. Additional information on student subpopulations may be found [here](#) on SAM webpage.

Graduated from other institutions	9%	10%	11%	10%	9%

## Employment & Future Plans

UMKC conducts a survey of graduating seniors each term. Students report their post-graduation plans utilizing the National Association of Colleges & Employers (NACE) first-destination response set. Additionally, a six-month follow-up is conducted to determine outcomes not captured at the time of graduation. The campus-level summary report is presented below.
