

## UMKC Constitution Check-list for All New and Existing Student Organizations

University of Missouri – Kansas City Office of Student Involvement

Created May 2019

A constitution is a semi-permanent governing document that must explain the structure and operation of a student organization. It should contain enough detail to provide for the perpetuity of an organization whose membership will be in flux from year to year yet maintain the ability to change if the need arises. Student organizations recognized by the University are fully subject to all policies imposed by the University of Missouri System and the University of Missouri – Kansas City. This document has been created as a ready guide to bring all new and existing student organizations into compliance.

All portions in ***underlined bold italics*** must be included in the constitution ***in verbatim***; however, including these phrases alone will not be sufficient. This is why it is important to read and understand each of the explanations within the list.

All other items should be addressed in the best interest of the organization. The more specific the rules are, the better they will guide the organization.

**The Student Government Association and the Office of Student Involvement must approve the constitution before it goes into effect.**
