Title: Legislation Review Resolution

Authors: Shewit Abai (SHSS)

Sponsors: Bella LaRue (SESWPS), Myracle Randle (SHSS), Andrew Tracey (Speaker), Alex Unseth (Internal Affairs)

Whereas: This Student Senate is the Legislative Body of the UMKC Student Government Association authorized to deliberate, vote upon, and approve legislative acts;

Whereas: With the transition to a new executive board and Senate, there is a risk that important legislation from the previous year may have been overlooked or forgotten;

Whereas: It is common for legislation passed in previous years to either be left unenacted or remain unknown to the current members due to the passage of time and lack of awareness;

Whereas: The effective implementation of past legislation is essential for the continuity of student governance and the ongoing improvement of campus policies and initiatives;

Whereas: A formal review of previous legislation would help ensure that important initiatives are followed through and that the new Senate and executive board are aware of the ongoing commitments and efforts that need to be supported;

Therefore: Be it resolved by the UMKC Student Senate assembled that the executive board and Senate Speaker conduct a thorough review of the previous year's legislation and provide a report, to include the title of the legislation, a summary of less than three sentences, and its legislative history, to ensure continuity and accountability in the legislative process from year to year.
