

International Affairs Emergency Response Plan

UMKC International Affairs | Study Abroad and Global Engagement and International Student Affairs Office

UMKC's International Affairs is home to the office of International Academic Programs (Study Abroad and Global Engagement) as well as the International Student Affairs Office (ISAO - International Student Services). The SAGE office supports academic experiences for UMKC students and faculty members outside the borders of the United States. The ISAO recruits and assists international students attending UMKC. Should a serious injury, death, or emergency occur, a task force composed of staff from International Affairs, the UM Risk Management Director, UM Counsel, other UMKC offices as needed and 1-2 faculty with specialization in the affected region will be formed. (Composition of the task force will vary depending upon the nature of the emergency). The task force will have the responsibility to develop a plan of action to deal with all aspects of the emergency. While UMKC International Affairs hopes that an event requiring emergency support never occurs, it is important to be proactive and to have an Emergency Response Plan in place.

Emergency Response Contacts

UMKC International Affairs Emergency Management/Response Task Force
